

Bulls on parade! NOTWICS Connecting People October edition

This month sees the latest NOTWICS Connecting People showcase with 5 of the best startups from a variety of verticals, some Early Stage, others Scale-Ups. All are looking to raise funding and are either SEIS / EIS assured, or both. The founders are presenting their business via video so you can experience them at your own convenience wherever you are.

Looking to follow in the footsteps of notable NOTWICS champion startups like LendInvest, Accompany, TaskRabbit, SafeToNet, Machine, Raptech, Hiyacar, [Visionable](#), Jaja Finance, [Moteefe](#) and many others, 5 startups are showcasing their businesses on October's [NOTWICS Connecting People](#).

Each month, NOTWICS reviews, analyses and selects Early Stage Startups and fast-growing Scale-Ups, for you. With physical pitch events seemingly a thing of the past, the founders present their business via video and the platform feels like a “Netflix” for discovering talent and tech, where you can explore and enjoy the businesses at your own convenience.
