Make the whole week a treat with SevenYays

Christmas, New Year's Eve, lavish food and family, these are all things we look forward to in December. And to help us wait, we've got humankind's kindest invention: the advent calendar.

Every day is not just another common day when the morning starts with a 'Yay'! So why not make more mornings special by having an all-year round advent calendar?

Whether it's birthdays, Valentine's Day, or if you just want to offer a magic moment to a loved one, think SevenYays.

Choose from a wide range of calendars, custom or ready made, to offer magical mornings to someone you care about.

Trint, making audio and video transcription easy with AI

Trint makes creating content faster, easier and most importantly pain free. Any audio or video file can be uploaded and transcribed by Trint's super-powered AI into more than 30 languages. Or captured and transcribed live on the Trint mobile app to share every word as it happens. Then with an editable and searchable text document to work with, turning the best quotes into articles, podcast outlines and video rough cuts couldn't be simpler.
